

Bijrani Zone

Information Document

Bijrani Zone – The Wilderness at Your Doorstep

The **Bijrani Zone** is one of the most popular safari zones in Jim Corbett National Park. Known for its scenic beauty, diverse wildlife, and high probability of tiger sightings, Bijrani attracts both first-time visitors and seasoned wildlife lovers. Its mix of sal forests, grasslands, and river streams makes it one of the most photogenic safari experiences in Corbett.

Why Visit Bijrani Zone?

- **Tiger Hotspot:** Bijrani has one of the **highest chances of spotting tigers** in Jim Corbett.
 - **Rich Biodiversity:** A wide range of animals including elephants, leopards, sloth bears, deer species, and reptiles.
 - **Birdwatching Delight:** Over 200 bird species can be found here, including woodpeckers, parakeets, and crested serpent eagles.
 - **Easy Accessibility:** Entry is through the **Amdanda Gate**, making it one of the most convenient zones to visit.
 - **Picturesque Landscapes:** Sal forests, open meadows, and water streams offer breathtaking backdrops for safaris.
-
