Jhirna Zone – The All-Season Safari Experience

The **Jhirna Zone** is one of the most unique safari zones in Jim Corbett National Park because it remains **open throughout the year**, unlike many other zones that close during monsoons. Known for its consistent wildlife activity, Jhirna offers thrilling encounters with a variety of animals and is especially popular among birdwatchers and sloth bear enthusiasts.

Why Visit Jhirna Zone?

- **Open Year-Round:** The only zone in Jim Corbett that allows safaris even during the monsoon season.
 - **Sloth Bear Sightings:** Famous for regular sightings of sloth bears, a rare highlight for many visitors.
 - **Tiger Presence:** Home to tigers, with sightings possible in open grassland areas.
 - **Diverse Wildlife:** Elephants, leopards, jackals, wild boars, sambar deer, and barking deer are commonly spotted.
 - **Birdwatcher's Haven:** Rich in birdlife with species like hornbills, parakeets, owlets, and various migratory birds.
 - **Beautiful Terrain:** A mix of open grasslands, riverbeds, and thick forest cover.
-
